The information collected from visitor registration is extremely important when planning for future development

HOSTED SPECIAL EVENTS

Member Organizations or other entities hosting special events at the Park must provide to the Association an insurance binder covering the event. The document must be submitted 45 days in advance of the event so as to allow the BOD time to verify the coverage.

Sign-in for hosted events may be accomplished by the sponsoring organization. The forms used at the Host kiosk can be used or the forms can be modified to suit the needs of the sponsor. However, the same information required on the Park forms must be gathered by the hosting organization to be turned in to the Vice President within five days after the event.

A record of camping use must be kept. When camping is associated with an event hosted by a Member Organization, the hosting organization is responsible for collecting fees and reporting use connected with its event to the Vice President within five days after the event.

When crowds are expected, portable toilets are recommended. Absent that, the sponsoring Member Organization will be responsible for stocking and cleaning the restrooms before, during and after the event.
